

3629 Stand Alone Guillotine

Maximise the productivity offered by your computer

Your computer lets you create invoices, statements, marketing mailings, payroll and accounts payable cheques with great speed and accuracy, however it cannot generate continuous forms that are ready-to-mail. Also the trimming, cutting and decollating of multipart forms can be labour intensive, time consuming and inefficient.

The Pitney Bowes 3629 Cutter delivers the productivity that your computer generated mailings promise. It converts continuous form printouts into letter quality documents that make your communications more professional and more effective.

Model 3629 Cutter

- Pre-programs for up to 255 standard jobs.
- Remembers your set-up for length of form and position of cuts for each job.
- Sets-up for any repeat job with the turn of a dial.
- Processes a wide variety of paper, weights and textures at high speed.
- Compact design takes up minimum floor space.
- Gives the professional impression of a cut sheet document.
- Integrates with Pitney Bowes Tabletop Computer Output Mailing Systems.

- Batch counter stops Cutter after processing a pre-determined number of pages.
- Pause feature lets you specify length of time between batches.
- Automatic sensor stops the 3629 Cutter after the last page.
- Decollates multipart carbonless forms into two streams.
- Sends top page(s) for further processing.
- Outstacks backup page(s) for internal records, or for further decollating.

Easy To Operate

- Liquid Crystal Display lets operator verify paper size and cut dimensions.
- Any operator can scroll through the pre-programmed applications to select their job by number or by name.
- Forms counter keeps track of job progress.
- Trims tractor feed sprocket holes with a clean cut.
- Separates computer generated forms with a clean cut. It can remove all traces of perforations by "double cutting" - one cut on each side of perforation.
- Slits 2-up, 3-up, 4-up, etc. materials length (slitter optional).

Specifications

Physical Dimensions

Length 410mm
Width 780mm
Height 1080mm
Weight 112kg

Paper Weights

Min Max
42g/m² 151g/m²
(400g/m² for multipart forms)

Paper Sizes

	Min	Max
Depth	76mm (3")	610mm (24")
Width	140mm (5 ¹ / ₂ ")	432mm (17")
	(Untrimmed)	
Width	127mm (5")	394mm (15 ¹ / ₂ ")
Edge Trim Width:	Up to 45mm (1 ³ / ₄ ")	

Speed

Double cut 9000 forms per hour

Electrical Specifications

220/240v AC, 50/60 Hz, 4A

Safety Features

The guillotine is equipped with fully interlocked safety covers
